

Directions to Unit A and B Birding Trails

From I-25 Exit 169, head east and then south on the paved road paralleling I-25. After about ¼ mile, the road turns east and changes to dirt (set odometer at 00). Continue east until you reach a "T" at the water ditch, and turn right and head south along the ditch. Turn left (1.7 miles), and cross the railroad tracks. Use caution when crossing the tracks.

For Unit A access, turn south before the 2nd ditch and stay on the west side until you reach the parking area (3.7 miles).

For Unit B access, cross the second ditch, and turn south and continue on the east side until you arrive at the Unit B parking area (5.5 miles)

Thanks to our partners!

The trail signs on the Unit A and B Birding Trails were jointly funded by the U.S. Fish and Wildlife Service, the Amigos de la Sevilleta, and the Central New Mexico Audubon Society.
